Winton Larson & Solecki Attorneys Achieve Peer Recognition; Serve as Featured Presenter to SDCBA Seminar

For the fourth year in a row, Steven W. Winton, a founding partner of Winton Larson Solecki LLP, has been voted a "Super Lawyer" (www.superlawyers.com) by his peers. The accomplished business, commercial, and real estate litigator is among no more than 5 percent of lawyers in California designated as a "Super Lawyer." The Super Lawyers program evaluates nominated candidates on 12 indicators of peer recognition and professional achievement.

Fellow founding partner and real estate attorney, Evangeline J. ("Ginger") Larson, is a featured panelist on June 11 speaking on "Divorce and Distressed Property" during the Summer Seminar presented by the Certified Family Law Specialists Committee of the San Diego County Bar Association (www.sdcba.org). Given the prolonged downturn in Southern California's real estate market, family law attorneys representing couples facing or involved in divorce are subject to exceedingly complicated real estate and tax considerations, which Ms. Larson will address with fellow panel members.
